Individualizing Your Remote

For your most individualized sleep ever, the intuitive, easy-to-use remote allows you to find your ideal level of comfort, name each side of the bed, and more. Follow these steps to make it your own.

1 Activate DualAir™ Technology

- If you haven't already set up your mattress, get started by following the steps in your bed assembly guide.
- Once air chambers are connected to the Firmness Control™ system, unplug and re-plug your Firmness Control™ system into a surge protector.
- Within 60 seconds, insert two AA batteries (included) into your remote.
- Your remote will turn on simply by picking it up or pressing any button. Easy-to-follow instructions will guide you through the next steps.
- First, select English or Spanish. Next, DualAir™ technology will engage automatically.
- If you are assembling your bed for the first time, please wait while your mattress inflates. This will take a few minutes. When complete, you'll be prompted to complete your bed assembly.

2 Name Each Side of the Bed

Follow the steps on your remote to enter your names on each side of the bed. If you'd like to skip this step, you can enter them later by pressing the Menu button , **Settings** and **Rename Side**.

NOTE: You can choose your side of the bed at any time by pressing the Side button .

3 Save Your Sleep Number® Setting into Memory

Press the Side button  to choose your side of the bed. If you already know your SLEEP NUMBER® setting, press the Up (firmer) or Down (softer) arrow   to choose it, then press the Menu button  to select and save.

4 Find Your Sleep Number® Setting

There's nothing quite like finding your *Sleep Number* setting. Your remote can easily guide you to your ideal level of comfort and support.

- Begin by lying on the bed in your preferred sleeping position.
- Press the Side button  to choose your side of the bed.
- Press the Menu button .
- Use the Up or Down arrows   to scroll to **Settings**, then press the Menu button .
- Choose **Find Sleep Number.®**
- Follow the instructions on your remote to find your favorite *Sleep Number* setting. This may take a few minutes.
